MATERIAL SAFETY DATA SHEET	PAGE 2 OF 2						
SECTION 5 - ACCIDENTAL RELEASE MEASURES							
STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED: Elir entering spilled area, as surfaces can be very slippery. Dam, divert and absoruse Class D container for landfill. Avoid storm or sanitary sewers or any natura	b residual material and transfer into container for disposal. Should						
SECTION 6 - HANDLING AND STORAGE							
PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE: Keep containers closed when not is use and store in cool, dry and well ventilated area. Do not expose container or contents to potential ignition sources. Containers of this material may be hazardous when emptied and may contain residue vapor, liquid, and/or solids.							
SECTION 7 - EXPOSURE CONTROLS / PERSONAL PROTECTION							
RESPIRATORY PROTECTION: None normally required	,						
VENTILATION	SPECIAL: Maintain minimum TWA and STEL levels						
Recommended	OTHER: Engineering and work controls as required						
PROTECTIVE GLOVES:	EYE PROTECTION:						
Nitrile rubber gloves or Viton for extended exposure or sensitive skin.	Safety googles recommended						
OTHER PROTECTIVE CLOTHING OR EQUIPMENT: None required under no	ormal use.						
WORK/HYGENIC PRACTICES: Practice safe workplace habits. Minimize body contact with this, as well as all chemicals in general.							
SECTION 8 - PHYSICAL / CHEMICAL PROPERTIES							
BOILING POINT	SPECIFIC GRAVITY (WATER = 1)						
>190 degrees F	1						
VAPOR PRESSURE	pH						
Not available for product	7						
VAPOR DENSITY (AIR = 1)	EVAPORATION RATE:						
(air-1) heavier	(water=1) >0.01						
SOLUBILITY IN WATER	% VOLATILE (BY WEIGHT)						
Dispersible	(including water) 100%						
APPEARANCE AND ODOR	VOLATILE ORGANIC COMPOUNDS (VOC's)						
Orange liquid	0% wt./.wt.						
STATE COMPLIANCE: CA ARB VOC Compliant							
SECTION 9 - STABILITY AND REACTIVITY							
STABILITY UNSTABLE:	CONDITIONS TO AVOID:						
STABLE: XXXX	Keep away from extreme heat and ignition sources.						
INCOMPATIBILITY (MATERIALS TO AVOID):							
none							
HAZARDOUS DECOMPOSITION OR BYPRODUCTS: None known							
HAZARDOUS POLYMERIZATION MAY OCCUR							
WILL NOT OCCUR: XXXX							
SECTION 10 - DISPOSAL CONSIDERATIONS							
I							

WASTE DISPOSAL METHOD: Dispose in accordance with Local, State, and Federal Regulations. This product may produce hazardous vapors or fumes in a disposal container creating a dangerous environment. Consult your local, state, or Federal Environmental Protection Agency before disposing of any chemicals. Do not flush to sanitary sewer or waterway.

The information contained herein is believed to be accurate but not warranted to be so. Data and calculations are furnished by the manufacturers of the components of the product. Users are advised to confirm in advance of need that information is current, applicable, and suited to the circumstances of use. Tri-Pro Group, Inc. assumes no responsibility for injury to vendee or third persons proximately caused by the material if reasonable safety procedures are not adhered to as stipulated in the data sheet. Furthermore, vendor assumes no responsibility for injury caused by abnormal use of this material even if reasonable safety procedures are followed.
